| 68345                                      | Oceans | CO-Ops Administrative, Scientific, and Technical Support                           | The purpose of this project is to support CO-OPS through various levels of effort over a sustained time period. Work conducted under contract will be performed in close cooperation and coordination with COOPS' Contracting Officer's Representative (COR) and Task Managers. The goals of this project are to provide general administrative services and gather accurate information on the water levels, meteorological data, and current stations. Activities described in this SOW will enhance the necessary information required for water level, meteorological, and current information and the administrative services associated with supporting these efforts. | Set-aside                                  | Yes         | Small Business     | Hybrid FFP and T&M | 1305M222FNCNT0057 | Ocean Associates, Incorporated | WOSB         | \$8,586,603.28 | 1/2/2026                  | 12/22/2021 |
| 67246                                      | Oceans | OR&R Emergency Response Division (ERD) Environmental Sensitivity (ESI) Maps Update | ERD requires the assistance of the contractor to provide support obtaining data and mapping the data for ESI updates. ESI map updates will be completed in collaboration with state, federal, and local agencies, along with other experts from industry and stakeholder groups. It is paramount that this effort coordinate with NOAA and EPA experts in the regions, and that products of these agencies are given priority for inclusion.   | Set-aside                                  | Yes         | Small Business     | Time and Materials | 1305M221FNCNR0225 | Research Planning, Inc.        | WOSB         | \$320,630.00   | 9/14/2022                 | 9/15/2021  |

| 67007                                      | Oceans | OCM Comprehensive Ecosystem Services Valuation of U.S. Coral Reefs   | The objective of this project is to update the coral reef valuation estimates from the 2001-2011 studies, to the extent possible, and incorporate rigorous and cutting edge valuation approaches and econometric techniques, if and where relevant. This project specifically addresses CRCP's Strategic Plan and Socioeconomics priority to provide updated economic values of U.S. coral reefs. Main project activities in FY21 will focus on project scoping to gather existing economic data and to identify the most appropriate methods for data collection, identify ecosystem services relevant to each jurisdiction, identify data gaps, and delineate a path forward for the remaining project years for services that need updated values. The results will determine the geographic scope and project activities for FY22 and FY23, and set forth a plan (with potential need to extend beyond FY23) to obtain ecosystem service values from all nine (9) coral reef jurisdictions. | Set-aside                                  | Yes         | WOSB               | Firm Fixed Price   | 1305M221FNCNP0063                      | Ocean Associates, Incorporated | WOSB         | \$712,396.00   | 4/14/2026                 | 4/15/2021  |
